

In Re Rose G. Grant, Debtor

Case No.: 02-50320-BKC-RBR

This matter came before the Court upon Motion by Debtor Rose G. Grant for Approval of Chapter 13 Second Modified Chapter 13 Plan. The Debtor sought to modify the Plan to add post petition Creditors without the post petition Creditors permission. The Court concluded that a post petition creditor needs to file a proof of claim or the debtor needs to obtain written consent from the Creditor to the addition of the Creditor's claim into a modified plan. The written consent or filed proof of claim is necessary as it is among other things the Creditor's consent to the reimposition of the automatic stay.
